# Section 1: Water Service Charges

## Monthly Water System Charge

The water system charge is the monthly availability charge applicable to all metered water services, and shall apply whether premises served by the meter are occupied. The charges, which vary by meter size, are established at the amounts listed in the table below.

METER SIZE	RATE EFFECTIVE DATE			
	1/1/2024	1/1/2025	1/1/2026	1/1/2027
5/8"	\$ 25.49	\$ 27.52	\$ 29.18	\$ 30.94
3/4"	\$ 32.74	\$ 34.62	\$ 36.70	\$ 38.91
1"	\$ 47.24	\$ 48.83	\$ 51.76	\$ 54.87
1 1/2"	\$ 83.50	\$ 84.35	\$ 89.42	\$ 94.79
2"	\$ 127.00	\$ 126.97	\$ 134.59	\$ 142.67
3"	\$ 243.01	\$ 368.48	\$ 390.59	\$ 414.03
4"	\$ 373.52	\$ 901.23	\$ 955.31	\$ 1,012.63
6"	\$ 736.05	\$ 1,433.89	\$ 1,520.02	\$ 1,611.23
8"	\$ 2,041.16	\$ 2,854.65	\$ 3,025.93	\$ 3,207.49
10"	\$ 2,041.16	\$ 4,630.48	\$ 4,908.31	\$ 5,202.81
12"	\$ 2,041.16	\$ 5,695.98	\$ 6,037.74	\$ 6,400.01

## Commodity Charges: Potable Water

Commodity Charges are billed on a per unit basis for water consumption registered by the water service meter. One unit is 100 cubic feet (HCF) of water, which is equal to 748 gallons.

TIERS	RATE EFFECTIVE DATE			
	1/1/2024	1/1/2025	1/1/2026	1/1/2027
Tier 1 - Indoor Use	\$ 2.11	\$ 2.19	\$ 2.33	\$ 2.47
Tier 2 - Outdoor Use	\$ 2.70	\$ 2.84	\$ 3.02	\$ 3.21
Tier 3 - Inefficient Use	\$ 4.18	\$ 4.10	\$ 4.35	\$ 4.62

Residential, Institutional, and Irrigation customers are billed using water budgets. For water budget-based rates, the District has three price tiers with increasing rates per unit. The number of units a customer is billed in each tier is determined by their unique water budget. See Section 10 of the District's Water Regulation and Service Ordinance for an explanation of water budgets.

Commercial customers are billed using a flat rate, where one rate applies to every unit of water used. Commercial customers were transitioned from budget-based to flat rates during fiscal year 2024-25.

TIER	RATE EFFECTIVE DATE			
	1/1/2024	1/1/2025	1/1/2026	1/1/2027
Commercial Flat Rate	N/A	\$ 2.39	\$ 2.54	\$ 2.70

## Private Fire Protection Service

### 1. Commercial Standby Charge

The fire service standby charge is the monthly charge assessed per inch diameter of the District fire service meter. Water use through this service is limited to emergency fire requirements only.

METER SIZE	RATE EFFECTIVE DATE			
	7/1/2016	1/1/2025	1/1/2026	1/1/2027
5/8"	\$ 8.78	\$ 13.75	\$ 14.58	\$ 15.46
3/4"	\$ 8.78	\$ 13.84	\$ 14.68	\$ 15.57
1"	\$ 8.78	\$ 14.01	\$ 14.86	\$ 15.76
1 1/2"	\$ 13.18	\$ 14.36	\$ 15.23	\$ 16.15
2"	\$ 17.57	\$ 14.71	\$ 15.60	\$ 16.54
3"	\$ 26.35	\$ 15.41	\$ 16.34	\$ 17.33
4"	\$ 35.14	\$ 16.11	\$ 17.08	\$ 18.11
6"	\$ 52.70	\$ 17.51	\$ 18.57	\$ 19.69
8"	\$ 70.27	\$ 18.91	\$ 20.05	\$ 21.26
10"	\$ 87.84	\$ 20.31	\$ 21.53	\$ 22.83
12"	\$ 87.84	\$ 21.71	\$ 23.02	\$ 24.41

### 2. Fire Hydrant Flow Test Fee (per fire hydrant)

The fire flow test charge is a flat rate established to cover the District's time and effort for testing parts of the water system to obtain fire flow test data and calculate results as requested. The District will charge a one-time fee of \$270 to administer fire flow tests.

# Temporary Water Service Connection

A temporary service is available through the use of a fire hydrant. A customer deposit for the temporary service will be required, and all other applicable service charges shall apply.

## Monthly Service Charge

Refer to the schedule of Monthly Water System Charges for three inch (3") meters.

### 1. Commodity Charge

Commodity charges for temporary services shall be billed at the Tier 3 rates based on the Potable Water Commodity Rates. When available, and feasible, recycled water shall be used for temporary construction uses.

The Commodity Charge shall be as follows:

AREA	RATE / 100 CUBIC FEET
Potable	Tier 3 Rate

### 2. Meter Deposit

A deposit equal to the replacement cost of the construction meter shall be collected at the time of service application. The deposit will be applied to the closing bill and any remaining amount refunded to the customer. Lost meters will result in forfeiture of the deposit.

### 3. Temporary Service Meter Availability Charge (for reading)

If a hydrant/construction meter is not available for a monthly reading as prescribed by the District, a fee of \$100 will be charged for each month the meter is not read in order to cover the cost of correcting billing records.

### 4. Unauthorized Use of Water Charge

The unauthorized use of water charge shall be charged to any person, organization or agency for each unauthorized use of District water or for tampering in any manner with any meter belonging to the District where this tampering shall affect the accuracy of such meter. The unauthorized use of water charge is hereby established at the rate of \$500 for a first occurrence and \$1,000 for each subsequent occurrence.

## **New Account Fees for Water Services**

The following fees are applicable to all requests for new service, or transfer of an existing account to a new location:

### 1. Security Deposit

A deposit of \$150 will be required until a one-year payment history, with fewer than two delinquencies, has been established. The deposit insures payment of minimum District charges.

### 2. Service Initiation Charge

The service initiation charge is a non-refundable charge of \$35 per account, which covers the reasonable District costs for initiating water service.

## **Miscellaneous Water Service Charges and Fees**

### 1. AMI Opt-Out Fee

This fee covers the cost to manually read the meter and will be charged when a customer requests to Opt-Out; that the District not install an Automated Metering Infrastructure (AMI) meter information unit to serve their property.

### 2. Delinquency Charge

Rates and charges which are not paid on or before the due dates shall be subject to interest charges. Interest will be calculated at a rate of one and one-half percent (1 ½%) on all amounts that remain unpaid at the end of each billing cycle.

### 3. Disconnection Notice Charge

The disconnect notice charge is the charge which covers reasonable District costs to notify customers that their water service is subject to impending termination.

### 4. Meter Test Charge

The meter test charge is the charge which covers the District costs for removing, bench testing, and reinstalling the water meter to be tested.

5. Returned Payment Fee

A returned payment charge is a charge which covers the reasonable administrative cost and banking charges for processing a returned check, or to respond to a disputed charge where a payment card was fraudulently used to make payment on an account.

6. Service Reconnect Charge (after hours)

The service reconnect charge is the charge which covers the reasonable District costs for disconnection and reconnection during non-business hours, of service connections which are in violation of the provisions contained herein.

7. Service Reconnect Charge (business hours)

The service reconnect charge is the charge which covers the reasonable District costs for disconnection and reconnection during regular business hours, of service connections which are in violation of the provisions contained herein.

Summary of charges/fees for Miscellaneous Water Service:

<b>CHARGE OR FEE NAME</b>	<b>CHARGE/FEE</b>
AMI Opt-Out Fee	\$13 (per month)
Delinquency Charge	1.5%
Disconnection Notice Charge	\$30
Fire Hydrant Flow Test Fee	\$270 (per fire hydrant)
Meter Deposit	Replacement Cost
Meter Test Charge	\$65
Returned Payment Fee	\$25
Service Initiation Charge	\$35 (per account)
Service Reconnect Charge (after hours)	\$150
Service Reconnect Charge (business hours)	\$50
Temporary Service Meter Availability Charge (for reading)	\$100
Unauthorized Use of Water Charge	\$500 (first occurrence)
Unauthorized Use of Water Charge	\$1,000 (each subsequent occurrence)

## **Cross-Connection Control**

In order to prevent water from flowing backward into the District's water distribution system, a backflow device must be installed by all commercial/irrigation and multi-family customers with four (4) or more units serviced.

All backflow devices must be inspected upon installation and tested annually for compliance. Compliance testing may be performed by a certified backflow tester and results shall be submitted to the District.

Installation of new backflow prevention assemblies are typically completed by the owner's contractor, if staff performs the installation, it will be billed at actual cost.

### **1. Backflow Installation Fee**

The charge for installation will be based on actual cost to the customer, and will be billed accordingly.

### **2. Backflow Inspection Fee (per inspection)**

A fee of \$145 will be charged for each standard backflow inspection of newly installed backflow prevention devices, in accordance with District Standards, and inspected by District staff.

### **3. Initial Backflow Compliance Test (per device)**

A fee of \$145 will be charged to the customer for the initial backflow compliance test performed by certified District staff.

### **4. Backflow Annual Administration Fee (per device)**

The District shall appoint at least one person trained in cross-connection control to administer and ensure all District standards are met. This backflow annual administration fee will be assessed annually.

Summary of charges/fees for Cross-Connection Control:

<b>CHARGE OR FEE NAME</b>	<b>CHARGE / FEE</b>
Backflow Installation Fee	actual cost
Backflow Inspection Fee	\$145 (per inspection)
Initial Backflow Compliance Test	\$145 (per device)
Annual Backflow Administration Fee	\$30 (per device)

## Section 2: Wastewater Service Charges

### Monthly Wastewater Charge

Wastewater charges consist of both a Collection (System) component and a treatment component, and include both fixed charges, and charges based on water usage. An explanation of how these charges apply to different customer classes is explained below.

#### A. Residential Customers

The collection and treatment charges for residential customers is a monthly fixed charge for each dwelling unit. Accounts with 1-3 dwelling units are classified as single-family residential customers; accounts with 4 or more dwelling units are classified as multi-family residential customers. The fixed monthly charges established for each of these customer classes are displayed in the following table:

	RATE EFFECTIVE DATE							
	CURRENT		7/1/2024		7/1/2025		7/1/2026	
	Collection	Treatment	Collection	Treatment	Collection	Treatment	Collection	Treatment
<b>Single-Family Residential</b>	\$ 16.32	\$ 26.77	\$ 16.70	\$ 29.79	\$ 17.21	\$ 32.77	\$ 17.73	\$ 36.05
<b>Multi-Family Residential</b>	\$ 15.42	\$ 23.90	\$ 15.48	\$ 25.67	\$ 15.95	\$ 28.24	\$ 16.43	\$ 31.07

#### B. Commercial / Non-Residential Customers

The collection and treatment charges for non-residential customers consist of monthly fixed charges, assessed per account, and a volumetric charge assessed for each unit of water (HCF) used for the account during the billing period. The volumetric charge varies based on the strength/concentration factors of the wastewater discharged by commercial customers. Customers are assigned to a strength category based on industry standards.

Fixed Monthly Charges:

RATE EFFECTIVE DATE							
CURRENT		7/1/2024		7/1/2025		7/1/2026	
Collection	Treatment	Collection	Treatment	Collection	Treatment	Collection	Treatment
\$ 11.84	\$ 12.41	\$ 10.59	\$ 9.16	\$ 10.91	\$ 10.08	\$ 11.24	\$ 11.09

Volumetric Charges per HCF of Water Usage:

DISCHARGERS	RATE EFFECTIVE DATE							
	CURRENT		7/1/2024		7/1/2025		7/1/2026	
	Collection	Treatment	Collection	Treatment	Collection	Treatment	Collection	Treatment
Low Strength	\$ 0.41	\$ 1.11	\$ 0.77	\$ 2.19	\$ 0.80	\$ 2.41	\$ 0.83	\$ 2.66
Medium Strength	\$ 0.54	\$ 1.76	\$ 0.77	\$ 2.54	\$ 0.80	\$ 2.80	\$ 0.83	\$ 3.08
High Strength	\$ 0.54	\$ 3.92	\$ 0.77	\$ 3.96	\$ 0.80	\$ 4.36	\$ 0.83	\$ 4.80
Mixed Use	\$ 0.41	\$ 1.11	\$ 0.45	\$ 1.29	\$ 0.47	\$ 1.42	\$ 0.49	\$ 1.57

## **Section 3: Developer Services**

### **Water Capacity and Connection Fees**

#### **Water Capacity Fees**

A "Capacity Charge" is defined within GC 66013 as a charge for public facilities in existence at the time a charge is imposed or charges for new facilities to be constructed in the future that is of benefit to the person or property being charged. Capacity fees ensure new development pays its fair share to connect to the system and does not cause additional burdens to current customers. Capital and infrastructure costs required to meet new demand/connections should be paid by those creating the cost to be incurred.

On July 1 of each year Water Capacity Charges will automatically increase in proportion to the published 12-month increase measured in September each year in the Construction Cost Index, unless the EVWD Board of Directors determines that such an increase shall not be effective for the next succeeding fiscal year, or if the index does not increase or change.

#### **Water Connection Fees**

The water meter connection charge is the charge for installation and materials between the service angle stop and customer connection side within the meter box. Such regular charge shall be paid in advance by the applicant. Cost varies based on market conditions for the requested meter size and type. Service line connections to the main are separate from this fee and would be an additional non-regular charge. Where there is a non-regular charge, the District reserves the right to require the applicant to deposit an amount equal to the estimated cost of such service connection.

<b>METER SIZE</b>	<b>CAPACITY CHARGE</b>	<b>METER CONNECTION CHARGE</b>
3/4" T-10	\$ 12,163	\$ 930
3/4" Mach 10	\$ 12,163	\$ 1,035
1"	\$ 20,270	\$ 1,100
1 1/2"	\$ 40,540	\$ 1,495
2"	\$ 64,863	\$ 1,780
3"	\$ 202,696	\$ 7,515
4"	\$ 506,736	\$ 10,030
6"	\$ 810,778	\$ 15,875
8"	\$ 1,621,554	\$ 17,360
10"	\$ 2,635,025	\$ 22,355

### **Service Installation Benchmark Costs**

Installation charges will be estimated by the District based on availability of District staff to complete the work-site specific construction conditions and requirements. The costs in the table shown are benchmarks, or cost references to begin from, for a short or long-side service installation based on requested meter size. Permitting, paving/concrete costs, and non-typical conditions are not included and will need to be assessed per connection, on a case-by-case basis. If the applicant elects not to have District staff complete the installation, then an administrative fee of 5% of the estimate will be charged.

<b>METER SIZE</b>	<b>SHORT SIDE LATERAL</b>	<b>LONG SIDE LATERAL</b>
3/4" T-10	\$ 6,005	\$ 11,030
3/4" Mach - 10	\$ 6,110	\$ 11,135
1"	\$ 6,035	\$ 11,060
1 1/2"	\$ 6,420	\$ 11,445
2"	\$ 6,640	\$ 11,665
3"	\$ 14,765	\$ 22,690
4"	\$ 17,210	\$ 25,135
6"	\$ 22,985	\$ 30,915
8"	\$ 24,470	\$ 32,395
10"	\$ 29,465	\$ 37,390

## Wastewater Connection Fees

The sewer service connection charge is the charge for the type and size of service connection desired. Such regular charge shall be paid in advance by the applicant. Where there is no such regular charge, the District reserves the right to require the applicant to deposit an amount equal to the estimated cost of such service connection. The following charges are hereby established and shall be collected at the time of application for sewer connection:

<b>CHARGE OR FEE NAME</b>	<b>CHARGE / FEE</b>
Permit Charge	\$ 275 per connection
Inspection Charge	\$ 100 per connection (per visit)
Capacity Charge	\$ 6,700 per EDU or portion thereof

On July 1 of each year Wastewater Capacity Charges will automatically increase in proportion to the published 12-month increase measured in September each year in the Construction Cost Index, unless the EVWD Board of Directors determines that such an increase shall not be effective for the next succeeding fiscal year, or if the index does not increase or change.

## Fire Service Connection Charges

The fire service charge is the charge for the type and size of fire service connection desired. Such regular charge shall be paid in advance by the applicant. Where there is no regular charge, the District reserves the right to require the applicant to deposit an amount equal to the estimated cost of such service connection.

Installation charges will be estimated by the District based on availability of District staff to complete the work and site-specific construction conditions and requirements. If the applicant elects not to have District staff complete the installation then an administrative fee of 5% of the estimate will be charged.

## **Developer Services' Charges and Fees**

### 1. Availability Letter

A fee of \$155 will be charged for a water or sewer verification letter inquiry.

### 2. Construction Inspection Charge (per day or actual cost)

Where a customer service connection or facility requires inspection by District personnel, the customer shall be charged for such inspection at the rate of \$905 per day. When District personnel are not available, inspection will be performed by third party inspectors retained by the District. The hourly rate for third-party inspectors will be established at the beginning of each third-party inspection assignment.

### 3. Development Agreement (per agreement or actual cost)

A Development Agreement is required whenever a project will include the design and construction of water or sewer facilities which will be dedicated to the District. This \$1,375 minimum fee will cover the cost to initiate and execute a Development Agreement with the District.

### 4. Development and Engineering Research Fee (\$95 per hr; 4-hr min)

This fee will provide funding for Engineering staff to conduct research of existing accounts, easements, and other development related materials. This would only apply to obtaining information for Developers that is unique to their development area and not general information, such as fee schedules or District design standards. Utility Requests and providing of As-builts or other locating documentation is not included in this fee.

This fee also encompasses the District's time and effort spent on assisting customers who have a requirement to construct water or sewer facilities, which must meet District needs and conform to District standards.

### 5. Development Meeting Fee (per meeting, after first meeting)

This \$475 per meeting fee will provide funding for Engineering staff to prepare for and attend, meetings with developers regarding their projects beyond the initial project consultation meeting and set-up. This fee will primarily impact larger, more complex developments which may require multiple coordination meetings with staff.

6. Easement/Quitclaim Processing (per easement)

A minimum fee of \$975 will be charged for review and recordation of each Easement or Quitclaim document. If complexity of the legal document requires more time, legal counsel, or land surveyor counsel, actual costs beyond the minimum will be collected.

7. Fire Hydrant Installation Charge (actual cost or 5% of estimate)

Installation charges will be estimated by the District based on availability of District staff to complete the work and site-specific construction conditions and requirements. If the applicant elects not to have District staff complete the installation, an administrative fee of 5% of the estimate will be charged.

8. General Water/Sewer Service Inquiry

A fee of \$75 will be charged for a Technician's time for general inquiries for service to a parcel. This inquiry usually arises from realtors and small developers.

9. New Construction Chlorination and Flushing Fee (\$355 min to actual cost)

A minimum fee of \$355 will be charged for new construction disinfection plan review, inspection, and flushing prior to sampling.

10. Sewer Manhole and Valve Can Deposit

A refundable deposit of \$1,500 per manhole will be charged for each sewer manhole structure shown on the sewer construction plans. A refundable deposit of \$500 per valve can will be charged for each valve can shown on the water construction plans. These deposits will be returned when all manholes and valve cans are constructed to final grade by the Developer's contractor and verified by the District.

As an alternative to the manhole and valve can deposit, a guarantee bond may be provided in the same amount as the deposit. The guarantee bond shall contain covenants that are satisfactory to the District. Such bond shall remain in force until all manholes and valve cans are constructed to final grade by the Developer's contractor and verified by the District.

11. Special Facility Charge

A special facility charge shall be required for development of limited service whenever special facilities, including pressure regulators are required. The charge to be made to a developer or owner of land that is considered by the District to be within a limited service area shall be based upon the Developer's or Landowner's proportionate share

of the cost for the installation of such Special Facility. Such proportionate share to be borne by the developer or landowner shall be based on the percentage of such development to the entire limited service area to be served by the Special Facilities; and the same number of acres or area under normal conditions and the cost of facilities to serve the acreage of area under special conditions at a higher cost.

#### 12. Water Main Extension Charge

The water main extension charge is for the construction of a water main extending to the far side of the property to be served. This charge shall be based on the prevailing rates of time and material per District approved plans. The customer shall be responsible to provide the plans and for all applicable Water/Sewer Plan Checking charges described below.

#### 13. Water Quality Sampling Fee (per sample)

A fee of \$135 will be charged for each water quality sample taken for new construction.

#### 14. Water/Sewer Plan Checking Fee (per sheet)

This \$800 fee is collected per sheet and is a minimum that will cover up to three in-house plan checks. When District personnel are not available, plan checking will be performed by third-party Engineers retained by the District. The hourly rate and estimate for three plan checks for third-party plan checkers will be established at the beginning of each third-party plan checking assignment. The minimum fee per sheet established can be collected initially to begin plan checking and the Developer will deposit the difference to cover the third-party's plan check cost to the District. Should more than three plan checks be required, additional funds may be deposited to bill against, and hours will be billed at the Engineering Research Fee or the cost of the third-party Engineer. Plan checking costs shall be paid before plans are returned.

#### 15. Water System Design Charge

A water system design charge shall be required for all main extensions, service connections and/or special facilities requiring the preparation of engineering plans and drawings. The water system design charge is hereby established as the fee charged by an Engineering firm of the District's choosing, plus an additional 10% thereof for the District's administrative costs. In the event the costs exceed the fees charged, the additional cost will be billed to the customer.

## 16. Will Serve Letter

Once a Developer has compiled or met all the items needed to make the request for a Will Serve Letter, per the Development Guidelines and Procedures Handbook, they may request and pay a minimum fee of \$575 to review and evaluate the infrastructure needs for a proposed project within the District's service area. Should additional time be required for reviewing the project information and to prepare the document, the hourly rate established for the Engineering Research Fee shall be assessed in addition to the minimum fee .

### Summary of charges/fees for Developer Services:

<b>CHARGE OR FEE NAME</b>	<b>CHARGE / FEE</b>
Availability Letter	\$155
Construction Inspection Charge	\$905 (per day) or actual cost
Development Agreement	\$1,375 (per agreement; min to actual cost)
Development and Engineering Research Fee	\$95 (flat rate, per 4-hr min)
Development Meeting Fee	\$475 (per meeting, after first meeting)
Easement/Quitclaim Processing	\$975 (per easement)
Fire Hydrant Installation Charge	actual cost or 5% of estimate
General Water/Sewer Service Inquiry Fee	\$75
New Construction Chlorination and Flushing Fee	\$355 (min to actual cost)
Sewer Manhole and Valve Can Deposit	\$1,500 (per manhole); \$500 (per valve can)
Special Facility Charge	Based on proportionate share of Developer or Landowner share of the installation of Special Facility
Water Main Extension Charge	Based on prevailing rates of time and material per District approved plans
Water Quality Sampling Fee	\$135 (per sample)
Water/Sewer Plan Checking Fee	\$800 (per sheet; 3 plan checks)
Water System Design Charge	actual cost + 10% for administrative costs
Will Serve Letter	\$575 (min fee)

## Section 4: Pretreatment Program

The District performed permit related activities will include permit processing, inspections and monitoring. The following fees are anticipated to cover the annual costs for each class of dischargers for the Pretreatment Program.

Class*	Annual Fee
I User	\$2,210
II User	\$1,210
III User	\$210
IV User	\$710
V User	\$410
VI User	\$360

\*Descriptions of each user type are defined in the East Valley Water District Sewer Regulations and Service Charge Ordinance, definitions section.
