ART CONTEST ENTRY FORM

Water is all around us—in rivers, oceans, rain, and beneath the surface as groundwater. Let your art shine and remind the world just how magical water can be!

Students in grades 1st-6th attending a school or living within East Valley Water District's boundaries can participate and are encouraged to create a bottled water label that reflects this year's theme.

All artwork must be drawn horizontally (landscape) on the template provided by the District.

Students may use crayon, watercolor, markers, ink, chalk, pencils, paints, cut paper, or fabric. Photography or computer generated artwork is not permitted.

Student must include first and last name on back of artwork template.

Students are encouraged to write a short phrase on the artwork. Phrase must be spelled correctly and lettering must be large and legible.

Artwork must be original. Reproduction of popular cartoon characters will not be accepted.

Students must work on artwork independently.

Labels must illustrate how to protect our water supply.

Do not fold artwork. Entry must be kept in its original form.

Each submitted design must have an entry form completely filled out and attached to the template by paperclip.

Deadline: All artwork must be mailed or hand delivered by 4:00pm Friday, January 16, 2026.

This is not a school sponsored activity. The Redlands Unified School District and San Bernardino City Unified School District does not approve, support, supervise or endorse this program/activity.

The top three artists will have their artwork featured in both District lobbies and on the District's limited-edition bottles of water. Each winner will also be invited to attend an East Valley Water District Board meeting, receive \$100 gift card, certificate of recognition, and a case of bottled water with their artwork.

Teachers can win too! Every teacher who has a student that submits their artwork, will be entered into a drawing to win a \$300 gift card for classroom supplies.
